OUR STORY

Smart Home & Luxurious Life ■

What's the meaning of being called a 'billion dollar' company if you don't share the brilliance of craftsmanship?

Well, OOB is the Grand Vision of two enterprising Indians, who initially stepped up to make extraordinary smart home devices. With massive progress and rising customer trust, they are taking giant leaps into novel segments that cater to Multinational Corporations, Prestigious Institutes, Luxury Estates and many more.

We believe that everyone deserves a luxurious life.
And that's why OOB Automation has a strong commitment towards development of finest technologies that promote conservation of energy.

And all of our efforts are inspired by a mission.

A mission that's very close to our hearts

Offer the best of smart automation devices as masterpieces to devour for lifetime.

OPERATIONS

Our Smart Automation Devices, are made by highly trained professionals at the most advanced state-of-the-art manufacturing facility based out of Ahmedabad, Gujarat.

STRONG R&D TEAM

We invest plentitude of time and efforts on Research and Development that conforms with top global quality benchmarks. Well, it's a matter of pride for OoB to have an In-house R&D team that employs only experienced electrical engineers, software developers, Construction & Design specialists & true blue market researchers.

MAKE IN INDIA

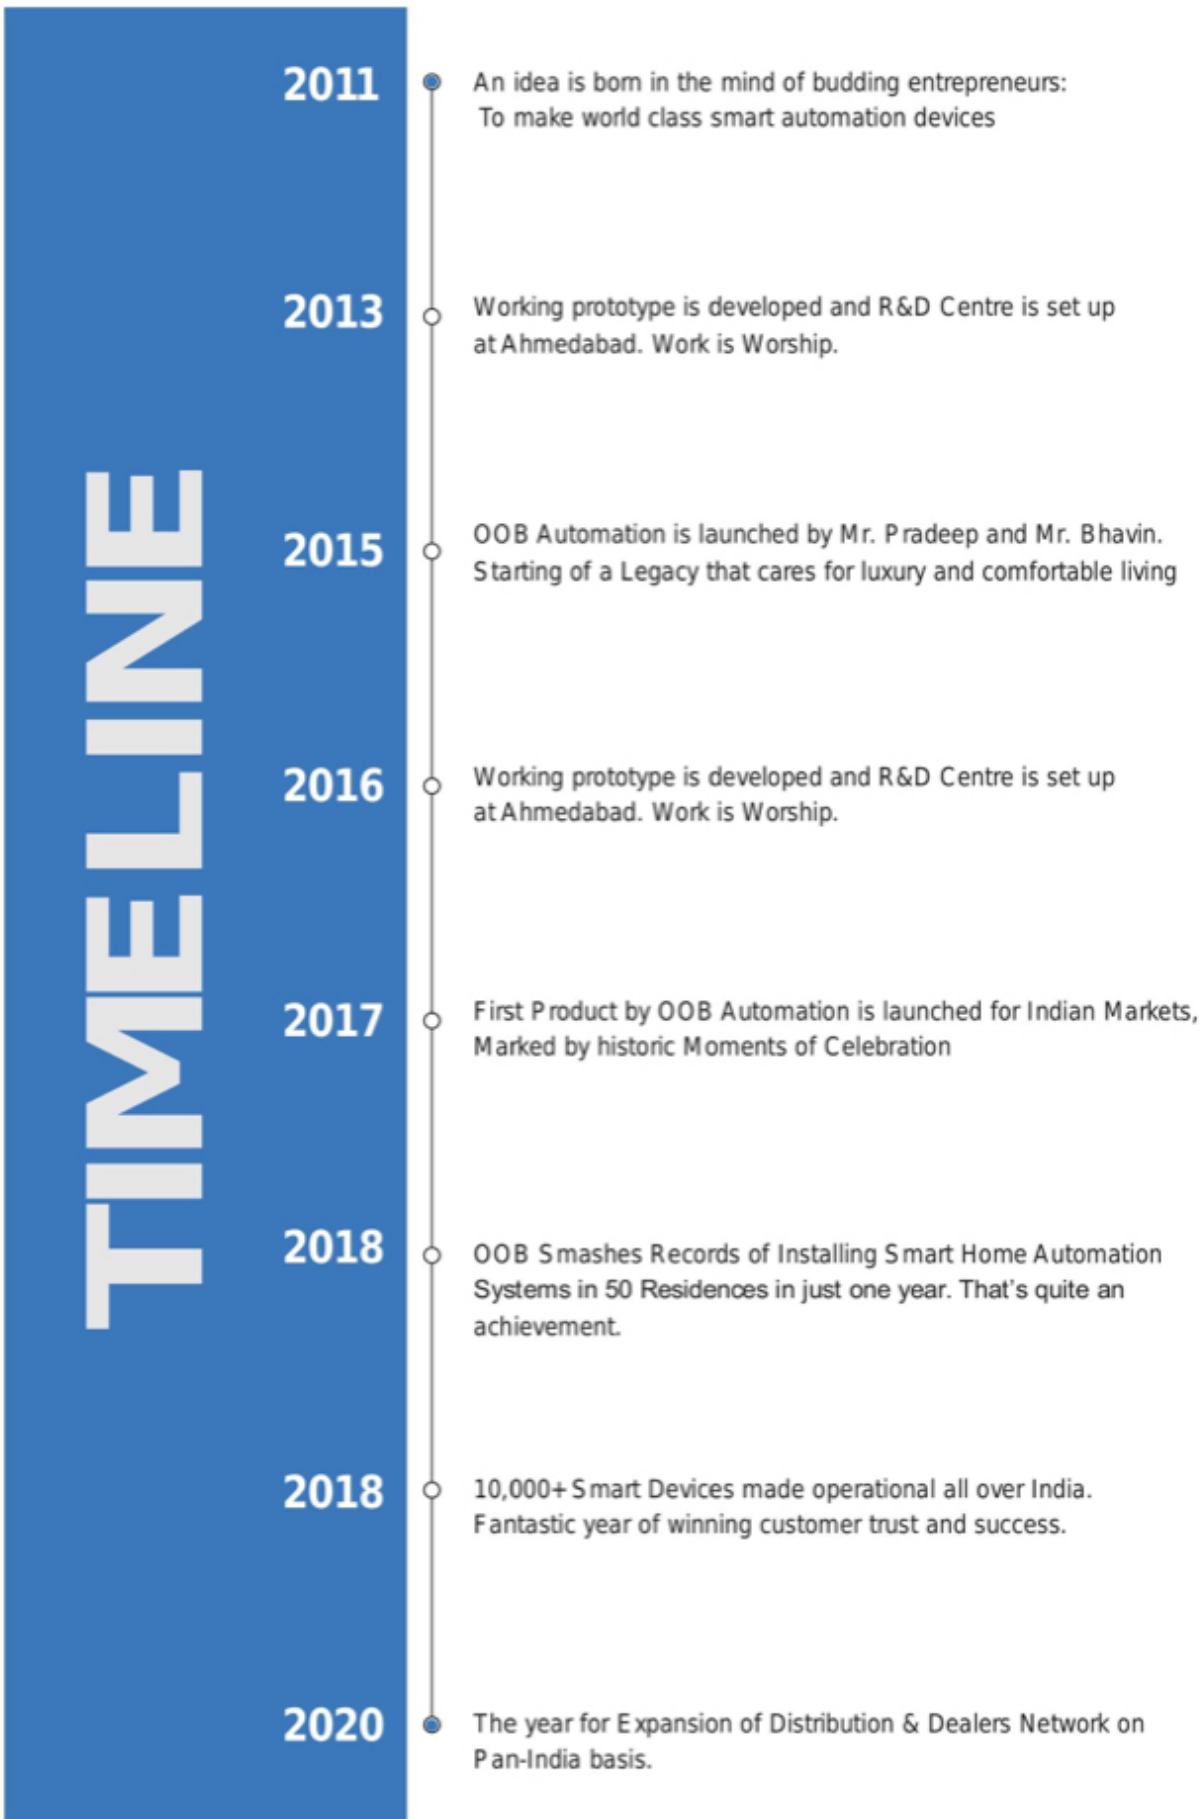

OoB Automation stands strong as flagbearers of Make in India initiative.

Taking this magnanimous initiative forward, we have indigenously developed High-End technologies that have bright minds of our country, working on them and constantly fine-tuning them for creating smartest masterpieces for luxury living experience.

IDEA TO REALITY

Our Smart Automation Devices, are made by highly trained professionals at the most advanced state-of-the-art manufacturing facility based out of Ahmedabad, Gujarat.
